Call To Order/Ethics Awareness/ and Introductions: Chairman Guess called the meeting to order at 2:30 PM and welcomed all present. Introductions were conducted, followed by the Introduction of online viewers.

Approval of Remote Participation: Online attendees were Wendy Cato, Brandon Whitaker, Ruben Crummy, Patti Nelson, Renee Carswell and Stephen Sparks. Chairman Guess canvassed the committee for any objections to online participants. Upon a motion made by Chairman Guess and seconded by Mr. Townsend, online participation was approved.

Action Items:

Action Items:

- I. Approval of Consent Agenda:** Chairman Guess called for a motion to approve the consent agenda. Upon a motion made by Mr. Townsend and a second by Mrs. Beatty, the board unanimously approved the consent agenda.
- II. Transportation Improvement Program Revisions for Approval:** Ms. Ritchie presented the State Transportation Improvement Program revisions, highlighting several additions and modifications to statewide and Greater Hickory MPO projects, including pedestrian and bicycle improvements, multiple highway-rail grade crossing safety projects, rumble strip installations in Burke and Caldwell Counties, and updates to multi-use path and sidewalk projects in Hickory, Conover, Long View, and Maiden. She also reviewed select project cost adjustments, schedule accelerations, and one project deletion. Upon a motion made by Ms. Beatty and seconded by Mr. Canrobert, the committee unanimously approved the Transportation Improvement Program Revisions.
- III. Annual Update of Safety Performance Measures:** Ms. Ritchie presented the 2026 Highway Safety Performance Targets, noting that NCDOT establishes annual goals for fatalities, fatality rates, serious injuries, and non-motorized crashes as part of the Highway Safety Improvement Program. She explained that both statewide and MPO-specific targets are based on five-year rolling averages and reflect the Strategic Highway Safety Plan goal of reducing fatal and serious injury crashes by half by 2035. The Greater Hickory MPO has historically supported the State's targets and continues planning and programming efforts consistent with NCDOT's safety objectives. The proposed 2026 targets were provided for release to the public in November. Upon a motion made by Mr. Simms and seconded by Mr. Canrobert, the committee unanimously approved the Annual Update of Safety Performance Measures.
- IV. Annual Update of FY 2025 Public Transportation Agency Safety Plan (PTASP):** Ms. Ritchie presented the 2025 Transit Safety Performance Targets developed by the Western Piedmont Regional Transit Authority (WPRTA) in accordance with the Federal Transit Administration's Public Transportation Agency Safety Plan (PTASP) Final Rule. She explained that transit agencies receiving federal Urbanized Area Formula funds must establish annual safety targets addressing fatalities, injuries, safety events, and system reliability, with MPOs required to adopt or support those targets within 180 days. The 2024 and 2025 performance metrics, based on National Transit Database reporting, reflect zero fatalities across all modes and track injury rates, safety events, and miles between major failures for both fixed-route and demand-response services. These targets support federal safety requirements and guide future MPO planning efforts. The committee released the FY 2025 PTASP Transit Safety Performance Targets for public comment in November. Upon a motion made by Mrs. Beatty and seconded by Mr. Townsend, the committee unanimously approved the Annual Update of FY 2025 Public Transportation Agency Safety Plan.

V. Approve 2026 MPO Meeting Calendar: Ms. Ritchie presented the 2026 MPO meeting calendar for the committee's review. Upon a motion made by Chairman Guess and seconded by Mr. Canrobert, the committee unanimously approved the 2026 MPO meeting calendar.

VI. LAP Supplemental Requests: Mr. Odom presented an update on the LAP supplemental funding request, noting that the fall LAP call closed with no requests for supplemental funding. He reported that \$2 million would roll over into the spring call, bringing the total available funding to \$7 million, with the spring call anticipated in March.

NCDOT Update –

- **Division 11:** Mr. Chrisawn stated that the completion date of the Pinewood Rd project has been pushed out until August of 2027. The Mission Rd intersection project has been awarded and construction is possible in spring of 2026.
- **Division 12:** Mr. Stafford provided updates in the packet, with no new projects occurring at this time. Signals and timing have been fixed at Slanting Bridge Rd and NC 150.
- **Division 13:** Mr. Phillips reported that the Lake Rhodhiss Bridge project is currently in the surveying stage and that grading has begun on the Burke Industrial Drive project as the contractor has mobilized.
- **NCDOT-TPD:** None
- **NCDOT-IMD:** None

Reminders: Ms. Ritchie reminded members to provide notice about newly elected officials and their committee appointments to TAC. There will be a new member orientation in late January.

Public Comment/Announcements: None

Adjournment: Chairman Guess adjourned the meeting at 3:00 p.m. The next meeting will be Wednesday, January 21st, 2026.

Respectfully Submitted,

Hank Guess, TAC Chairman

Averi Ritchie, TAC Secretary

REQUEST FOR BOARD ACTION
GREATER HICKORY METROPOLITAN PLANNING ORGANIZATION
TCC/TAC

MEETING DATE: January 21, 2026

SUBJECT: Transportation Improvement Program Revisions for Release

PRESENTER: Averi Ritchie, Transportation Planning Director

ATTACHMENTS: Transportation Improvement Program Revisions for Release

SUMMARY OF REQUEST:

State Transportation Improvement Program (STIP) revisions include modifications and amendments to regional and statewide transportation projects. STIP revisions are released for public comment and approved following a 30 day public comment period by TAC. All approved revisions are submitted for Board of Transportation approval. Modifications and revisions often include funding and fiscal year changes. Revisions are released monthly by NCDOT.

BOARD ACTION REQUESTED: Release for public comment.

Suggested Motion: *Approval to release for public comment*

**RESOLUTION ADOPTING MODIFICATIONS TO THE
TRANSPORTATION IMPROVEMENT PROGRAM (TIP) FY 2024-2033 & FY 2026-2035**

A motion was made by _____ and seconded by _____ for the adoption of the following resolution, and upon being put to a vote was duly adopted.

WHEREAS, the following modifications have been proposed for FY 2024-2033 & FY 2026-2035 Transportation Improvement Program (TIP):

See page 1 of this Attachment

WHEREAS, the MPO certifies that these TIP modifications are consistent with the intent of the adopted 2050 Metropolitan Transportation Plan (MTP);

NOW THEREFORE be it resolved, by the Greater Hickory MPO Transportation Advisory Committee (TAC) that the TIP FYs 2024-2033 & FY 2026-2035 be modified as listed above on this, the 21st day of January, 2026.

Hank Guess
Greater Hickory MPO TAC Chair

Averi Ritchie
Greater Hickory MPO TAC Secretary

**REQUEST FOR ACTION
TRANSPORTATION ADVISORY COMMITTEE**

MEETING DATE: January 21, 2026

SUBJECT: FY 2027 Transportation Assessments for MPO Work Program

SUMMARY OF REQUEST:

WPCOG serves as the lead planning agency for the Greater Hickory MPO. Each year, the WPCOG assesses dues to its local governments. The Policy Board of the WPCOG approves the overall dues, but the Transportation Advisory Committee has purview over the portion used to fulfill the required local match for Federal transportation funding.

MPO-Transportation Planning

The MPO planning function is a federally mandated activity to maintain highway funds eligibility. The transportation planning/MPO assessments column is the matching requirement for local governments within the Greater Hickory MPO Planning Boundary (PL), based on 2024 city, town, or unincorporated county population estimates. These matching funds are a minimum of 20 percent of the total PL funds in the Unified Planning Work Program (UPWP) for the MPO for FY 2026-27. PL funds have increased from \$319,100 to \$344,000. Funding is based on a population formula that compares growth rates for each MPO across the state. The Infrastructure Investment and Jobs Act has a PL set aside for Increasing Safe & Accessible Transportation Options. The Act requires each MPO to use a portion of its PL funds on specified planning activities to increase safe and accessible options for multiple travel modes for people of all ages and abilities. This separate and additional allocation of PL funds is in the amount of \$6,500, with no local match requirement. The MPO budget includes funding sources from Federal Highway Administration (FHWA). Highway Infrastructure Programs - Coronavirus Response and Relief Supplemental Appropriations Act Funding (HIP-CRRSAA) is included for staff salary and consultant services. HIP-CRRSAA is 100% federal funding; there is no local match for this funding source. This funding will be utilized to fulfill the multimodal planning initiatives introduced by new federal planning requirements. Other Highway program funding will remain at the same levels, including \$80,000 in Statewide Planning Research (SPR) and \$100,000 in Surface Transportation Block Grant – Direct Attributable (STBG-DA) funding.

Per NCDOT-IMD, 5303 funding is increasing from \$56,432 to \$67,356. This funding is for transit planning initiatives and requires 10% local and 10% state matches. Other 5307 funding is administered by Western Piedmont Regional Transit Authority and does not require local matches from WPCOG.

BOARD ACTION REQUESTED: Staff requests TAC to review and approve the FY 2026 MPO assessments.

Suggested Motion: *I move that the TAC approve the assessments as presented.*

STATE OF NORTH CAROLINA
DEPARTMENT OF TRANSPORTATION

JOSH STEIN
GOVERNOR

DANIEL H. JOHNSON
SECRETARY

November 3, 2025

Ms. Averi Ritchie, AICP, Transportation Planning Manager
Western Piedmont Council of Governments
P.O. Box 9026
Hickory, North Carolina 28603-9026

Subject: Greater Hickory MPO, FY 2027 PL Work Program Allocation

Dear Ms. Ritchie:

There are \$7,796,558 in PL funds available for distribution in FY 2027 and an additional \$831,954 of unused funds from closure of previous years' accounts (after accounting for SAP system charges). These funds have been allocated using the current PL fund allocation formula and are available for programming for your FY 2027 PL program that begins July 1, 2026.

For FY27, the MPO is allocated to receive Federal PL funds as follows.

Program name	80% Federal funds	20% local match	Total work plan Federal PL + local match for PL funds *
Metropolitan Planning	\$344,000	\$86,000	\$430,000
Safe & Acc Transp. Options – Metro Planning set aside	\$6,500 (100% Federal)	No local match necessary	\$6,500
Total PL FY27	\$ 350,500	\$86,000	\$436,500

(*Total does not include other sources of Federal, State, or local funding such as STBG-DA funds.).

In 2022, the Infrastructure Investment and Jobs Act has added a new Metro Planning set-aside for Increasing Safe & Accessible Transportation Options. The Act requires each MPO to use at least 2.5% of its PL funds on specified planning activities to increase safe and accessible options for multiple travel modes for people of all ages and abilities. [§ 11206(b)]. The 2.5% set aside is provided by a separate allocation of PL funds (federal program code Y410). The MPO's share of this amount is distributed using the same allocation formula. A full list of eligible activities can be found in [§ 11206(c)] <https://www.congress.gov/bill/117th-congress/house-bill/3684/text> and [FHWA's fact sheet can be found at this link](#). These set-aside funds will have a separate WBS number and therefore any expenditures must be noted separately on an invoice and have a separate description of work. Please program these funds in your UPWP by adding a new row (so that the funding amount is separately noted) below task code 2-B-II (Regional Planning) or Bike/Ped element of MTP. Also please add a new column to place this separate funding source.

If the MPO plans to program any STBG-DA funds for planning, you should coordinate with your appropriate TIP regional contact to have it added to the STIP, add it to your work plan and

coordinate with your TPD Coordinator to develop a STBG-DA funding agreement. Please copy myself and Daryl Vreeland (dvreeland@ncdot.gov) with this amount.

For auditing purposes, you should include the program name (Metropolitan Planning / PL 104(f) funds) and the CFDA Number (20.205-5) on your Schedule of Expenditures for Federal and State Awards. FY27 WBS and PO numbers will be transmitted in the future.

Your Draft (U)PWP for FY 2027 will be due on January 30, 2026 and your approved PWP should be submitted by March 27, 2026 online in .pdf format and include the cover letter, adoption resolution, summary budget table, and an item by item task description. The MPO is also required to complete an annual certification prior to the Department approving your FY 2027 PL program. The annual certification resolution (as well as the yearend report) should be uploaded as separate .pdf documents. If you have any questions, please do not hesitate to call or email me: (919) 707-0901, agpatel1@ncdot.gov.

Your work plan allocation also includes \$80,000 in Federal SPR funds (requiring \$20,000 local match) to cover planning activities in the former RPO areas that have been incorporated into the MPO. These funds should be billed separately from your normal PL invoice.

Sincerely,

Alpesh Patel

REQUEST FOR BOARD ACTION
GREATER HICKORY METROPOLITAN PLANNING ORGANIZATION
TCC/TAC

MEETING DATE: January 21, 2026

SUBJECT: Unified Planning Work Program (UPWP) – Draft FY 2026-2027 Plan
Summary

PRESENTER: Averi Ritchie, Transportation Planning Manager

ATTACHMENTS: Unified Planning Work Program (UPWP) – Draft FY 2026-2027 Plan
Summary

SUMMARY OF REQUEST:

A Unified Planning Work Program (UPWP) is a key document for a Metropolitan Planning Organization (MPO). It outlines the transportation planning activities and tasks the MPO will undertake over the next fiscal year. The UPWP details the planning studies, projects, and priorities to be addressed, along with the funding sources and responsible agencies. It ensures that transportation planning is coordinated, transparent, and aligned with federal, state, and local priorities. The UPWP also serves as a guide for allocating resources and managing transportation planning efforts to improve mobility and support sustainable growth in the metropolitan area.

BOARD ACTION REQUESTED: Approval to release for public comment.

Suggested Motion: *Consensus.*

Unified Planning Work Program (UPWP) – Draft FY 2026-2027 Plan Summary

Purpose

The Unified Planning Work Program (UPWP) outlines transportation planning tasks to be conducted during the fiscal year. The UPWP sets the budget for these items and identifies the funding sources. MPO staff is responsible for ensuring completion of the planning tasks identified in the UPWP.

Federal Requirements

Federal planning initiatives have updated from last year. The Infrastructure Investment and Jobs Act (IIJA) continues many planning factors previously in the FAST Act. This is achieved through a Continuing, Cooperative, and Comprehensive (3-C) transportation planning process that results in a long-range plan and short-range program of projects.

Federal Planning Initiatives

Major components that feed into the FY 2025-2026 UPWP include:

1. Performance-Based Planning and Programming (PBPP)

- Emphasize using data-driven, performance-based processes to set goals, targets, and evaluate investments.
- Integrate performance measures into planning documents, especially LRTPs and TIPs.
- Support linking planning decisions to performance outcomes.

2. Integration of Planning and Project Delivery

- Strengthen connections between long-range planning and project development processes.

3. Public Engagement and Stakeholder Collaboration

- Increase meaningful public involvement across all geographic and demographic groups.
- Foster collaboration with local governments, transit providers, freight stakeholders, and communities.

4. Multimodal and Connected Planning

- Emphasize planning that supports **all transportation modes** — walking, biking, freight, transit, aviation — as integral parts of the system.
- Connect land use, housing, economic development, and transportation planning.

5. Accessibility (*reflected in earlier guidance and efficiency goals*)

- Ensure access to opportunities across demographic groups.

6. Resilience and Adaptation Planning

- Encourage planning for resilience and adaptation to extreme weather events.
- Tie resilience into performance measures and prioritization.

7. Data and Tools for Better Decision Making

- Promote use of emerging analytical tools, visualization methods, and scenario planning.

- Support integration of new data sources into planning processes.

Main Work Tasks for FY 2026-2027

- FY 2026-2027 will be a work-intensive year for beginning the 2055 Metropolitan Transportation Plan and Comprehensive Transportation Plan updates. Though these plans will not be adopted until 2028, data collection and local government coordination is necessary for project methodology, purpose and needs sheets, complete streets policy incorporation, and other key items planned for the next long range plan update. Various chapters are planned to be presented to transportation Boards throughout the year, as well as new interactive mapping components for plan display.
- The GHMPO staff will assist DOT partners with STIP updates and funding changes as needed. Recently submitted projects will be investigated throughout Prioritization 8.0 using updated safety data and other metrics. MPO staff will use Board approved local methodology to determine best projects to support. MPO staff will also research and approve highway projects for Prioritization 9.0 express designs.
- The GHMPO staff will continue work on an economic expansion and accessibility tool. Work on this tool began in FY 26 and is due for adoption in FY 27. This interactive mapping tool will look at the highway and bike/pedestrian network to promote economic development using traffic signal data, average annual daily traffic (AADT) data, zoning regulations, traffic analysis zone data, the Congestion Management Process, disaster relief resources, etc. This tool will assist in accommodating growth on highway and bike/pedestrian networks to determine best practices for potential projects. This will also include an overview of bottleneck and/or traffic signal delays data for review.
- The GHMPO staff will begin ridership trend analysis for Western Piedmont Regional Transit Authority. This will assist in system-wide reroutes for the region. MPO staff will also begin mapping updates for the new automated passenger counter software.
- The GHMPO staff will oversee the implementation, maintenance, and updates for the region's adopted Western Piedmont Bicycle and Pedestrian Plan. This includes mapping updates and project scoring as needed.
- The GHMPO staff will oversee the adopted Western Piedmont Transportation Safety Plan (WPTSP). The WPTSP identifies areas of concern and high-risk areas using crash location and other safety data. The WPTSP covers all modes of transportation. The WPTSP will open the region to safety funding opportunities. GHMPO staff will coordinate safety improvements and funding opportunities with NCDOT and local governments. Funding application support will be offered as needed. The WPTSP will inform *Purpose and Needs* sheets in the upcoming Comprehensive Transportation Plan. Work on these sheets will begin in fiscal year 2026-2027.
 - The WPTSP established a Safety Subcommittee as part of the plan. Members of the committee are interdisciplinary and diverse in perspective. The Safety Subcommittee will be utilized to help guide necessary local input and safety improvement discussions. Local law enforcement will be utilized to assess crash data and potential projects. Meetings and coordination are ongoing.
- GHMPO staff will continue hosting new member orientations for TCC and TAC members.
- GHMPO staff will continue hosting walk audits as needed.
- GHMPO's Locally Administered Project Program (LAPP) will hold a call for new projects and a call for supplemental funding. Locally Administered Project administration assistance is still being offered to all local governments who pursue (LAPP) funding. MPO staff are currently administering 1 project on behalf of local government staff.
- GHMPO staff will utilize consultants to train MPO staff on Locally Administered Project administration assistance.
- GHMPO staff will continue to conduct educational events/trainings for new Locally Administered Project applicants following the Spring Call for Projects.
- GHMPO staff will continue reports on the Congestion Management Process (CMP). Staff will continue to meet with Divisions 11-13 DOT staff for input on potential projects identified in the CMP.
- GHMPO staff continue to conduct annual vehicle occupancy rate (VOR) counts throughout the region. All collected data is analyzed and shared with NCDOT partners.

- New public involvement strategies are ongoing with an outreach coordinator. Informational items and activities will be available at attended public events. Public meetings will be held in accessible locations to impacted populations. Virtual options are available for most meetings.
- GHMPO will continue to coordinate meetings with MPO staff, municipal staff, and NCDOT to assess transportation needs and promote shared initiatives.
- GHMPO will continue to coordinate STIP and MTIP changes as necessary.
- GHMPO staff will continue to assist Greenway Public Transportation in the programming of new projects, route planning, and other efforts as needed.
- GHMPO staff will complete the MOU and Bylaws updates.

Key Changes from FY 2025-2026 to FY 2026-2027

- PL funding is increasing from \$319,100 to \$344,000. Funding is based on a population formula that compares growth rates for each MPO across the state.
- 5303 funding is increasing from \$56,432 to \$67,356. This funding is for transit planning initiatives and requires 10% local and 10% state matches. Other 5307 funding is administered by Western Piedmont Regional Transit Authority and does not require local matches from WPCOG.

Other Important Items to Note:

- The MPO PL budget includes a funding source from FHWA: Highway Infrastructure Programs - Coronavirus Response and Relief Supplemental Appropriations Act Funding (HIP- CRRSAA). This funding source is included for staff salary and consultant services. HIP-CRRSAA is 100% federal funding.

* Ongoing projects from FY 23 (HIP-CRRSAA) are listed at the bottom of the overall budget chart. These are ongoing accounts that must be shown separately. Though funding is still being utilized, the funding is shown separate from the FY 2027 balances.

REQUEST FOR BOARD ACTION
GREATER HICKORY METROPOLITAN PLANNING ORGANIZATION
TCC/TAC

MEETING DATE: January 21, 2026

SUBJECT: TCC/TAC 2026 Meeting Schedule Modification

PRESENTER: Averi Ritchie, Transportation Planning Manager

ATTACHMENTS: TCC/TAC 2026 Meeting Schedule Modification

SUMMARY OF REQUEST:

For the transportation boards in 2026, our meeting calendar will be structured to ensure consistent and efficient discussions on key transportation issues. Meetings will be held monthly with some potential cancelations. An asterisk indicates the potential cancelation of a meeting. Meetings will only be held on those dates if unanticipated action is requested of the MPO throughout the year. Meetings are generally the 4th Wednesday of every month, however, some meeting dates are modified to accommodate holidays and conferences.

For this agenda item, we request the November meeting date be moved to the following week, on November 18.

BOARD ACTION REQUESTED: Approval of meeting schedule

Suggested Motion: *I motion to approve the 2026 TCC/TAC meeting schedule modification.*

GREATER HICKORY METROPOLITAN PLANNING ORGANIZATION
TCC/TAC

MEETING DATE: **January 21, 2026**

SUBJECT: **5303 STIP Amendment**

PRESENTER: **Averi Ritchie, Transportation Planning Manager**

ATTACHMENTS: **5303 STIP Amendment**

SUMMARY OF REQUEST:

The 5303 funding is a federal grant provided by the Federal Transit Administration (FTA) to support Metropolitan Planning Organizations (MPOs) in carrying out transportation planning activities. This funding is part of the broader Federal Transit Act and is specifically designated for the planning of public transportation systems within metropolitan areas. It helps MPOs develop and implement long-range transportation plans, transit studies, and other planning tasks to improve transit services, accessibility, and coordination. The funds are matched with state and local resources, and they ensure that transportation planning efforts are data-driven, efficient, and responsive to community needs.

GHMPO must update the TIP to show funding amounts received each fiscal year.

BOARD ACTION REQUESTED: **Release for Public Comment.**

Suggested Motion: *None.*
