The WPWDB expects bidders to propose to provide Adult, Dislocated Worker, and Youth Services for all four (4) counties within the WPWDB region (Alexander, Burke, Caldwell and Catawba Counties).

Disclaimer: This RFP, any bids submitted by proposers to this request, and any final contracts negotiated with the successful bidder(s) as a result of this proposal is subject to final laws and regulations issued by the United States Department of Labor (USDOL), the North Carolina Department of Commerce, Division of Workforce Solutions (NCDOC-DWS) and may be changed at any time in order to come into compliance with those laws and regulations. Bidders are strongly encouraged to follow the USDOL's WIOA resource page for latest updates: www.doleta.gov/wioa/. Furthermore, as the WPWDB continues to develop and refine its NCWorks system and integrate WIOA regulations, its policies and procedures may be subject to change. Bidding organizations may be requested to modify program design or the delivery of services. Should a request for a change in the program design or service occur, WPWDB staff will assist bidding organizations or Service Providers in the redesign to ensure consistency with policy and regulatory requirements. The ISD model assists people in accessing the services they need to get back to work and help businesses connect with qualified workers. The respondent is expected to provide services based on this model which includes the customer as the focus, flow of services, and staffing roles and responsibilities.

Through the customer centered ISD model, all services are organized around three interrelated functions; Welcome, Skill Development, and Business Services. The expectation is that all functional areas will work closely together to provide seamless services based on the needs and goals of the customer. The three interrelated functions to serve the customers are described below.

- **Welcome:** welcomes the customer, provides an orientation to new customers, conducts a basic assessment of needs, collects registration information, and assists the customer based on the customer's needs and goals or directs the customer to partner services when necessary.
- **Skill Development:** assists the job seeker with work readiness activities. Activities include, but are not limited to, career guidance, skills analysis, assessment testing, supportive services assistance, soft skills training, partner services, and occupational skills training.
- **Business Services:** provides services to businesses/employers and work-ready job seekers. Provides services to connect employers and job seekers through a variety of activities including recruitment, labor market data, rapid response, career fairs, interview days, on-the-job training and many others.

This must be completed for each county you are proposing to serve.

NOTE: Due to continued WIOA Title I budget decreases Western Piedmont Workforce Development is removing the budget line item for Transportation Support Services for Adult and Dislocated Workers. Therefore, no transportation support will be provided to Adults and/or Dislocated Worker in this program year.

NOTE: Due to continued WIOA Title I budget decreases Western Piedmont Workforce Development will not be contracting for On-the-Job-Training Services.

2. Signature is required on page 1 of each budget set.

Each of the expenses identified in the planning stage and included in the final budget will appear in some form in the budget narrative.

The most important thing to remember about the budget narrative is that you must justify any expenses that are not immediately obvious.

Audit and Financial Statements

Attach a copy of your organization's most recent audit as well as audited financial statements.

Section 3.2: WIOA Title I Youth Services

Introduction

The Board's WIOA Title I Youth services (NextGen) are directed specifically to young people between the ages of 16 and 24 who are out-of-school (not attending any school, including post-secondary) (at least 75%) or in-school (no more than 25%) and who face challenges in obtaining the education, skills or experience they need to get good jobs. The Board seeks to set the standard for helping these young people – often referred to as opportunity youth – get a job, keep a job, or get a better job.

The purpose of this solicitation is to provide direct service opportunities for these youth and young adults through a mix of WIOA funding and strategic partnerships with other youth serving organizations.

We seek to:

- Align youth-serving institutions to ease access, reduce duplication, close service gaps and promote collaboration;
- Reduce the number of young persons who are not engaged with the labor market;
- Provide entry into career pathways, increased education and/or paid work experience; and,
- Improve outcomes for youth and young adults through job placement or accelerated credential attainment and increased literacy and numeracy levels

Current Operations

The WPWDB currently has one Service Provider that provides services for eligible young people, who are ages 16-24, out-of-school, and/or in-school, and have multiple challenges that prevent them from finding or maintaining employment. Our Service Providers:

- Provide case management, career and personal counseling, mentoring, help in completing their education and financial aid assistance for scholarships, child care, and work support;
- Prepare Individual Service Strategies and support customers through their course of services;
- Help customers enroll in education and training programs or provide such education credentials and training for customers;
- Recommend and arrange for work-based learning activities including work experiences to help youth move into full-time jobs; and,
- Work with NCWorks Career Centers to recruit and cross-refer youth and young adult customers wanting and needing services.
- Further info on NC Association of Workforce Development Boards Youth Framework can be found at: https://41caa07a-56ba-4c1e-bb60-4d43c53aa7ab.filesusr.com/ugd/960958_2ccd6669518147cc91b1eb875ac780f1.pdf

Youth Elements

Youth services includes **five components** for WIOA Title I youth and young adult programming that should be used to interconnect the 14 WIOA Title I youth elements, to ensure participants are prepared for employability success. Proposals must demonstrate ability to ensure all youth elements are available (either directly or in partnership) to customers:

- **Education**
Educational opportunities are readily available to youth and young adults to help them achieve long-term goals, as well as access resources, tools and services. Occupational skills training, high school equivalency, classes, and tutoring are focused on preparing youth and young adult for high demand occupations.
- **Career Pathways**
Career pathways versus “jobs” are the focus for youth and young adult employment and training. A clear path from education into the workforce is provided through career pathways that include integrated services, diverse training, career readiness, partnerships and other unique features.
- **Career Experience**
Career opportunities, entrepreneurship, and work-based learning must be available to each youth and young adult in the program. Local businesses are engaged to provide internships, job shadowing, and on-the-job training.
- **Leadership Development**
Leadership development must be a strong aspect of Western Piedmont’s youth and young adult program design. Opportunities for youth and young adults to participate in community service, peer-centered activities, classroom development, mentoring, and soft skills training are available.
- **Wrap Around Services**
Western Piedmont Workforce Development Area will work with state and local organizations to ensure that wrap around services are available in order to meet the needs of their youth and young adults in different ways. Partnerships must include: Employment and Independence for People with Disabilities (formerly VR), DSS, Adult Basic Education and juvenile justice.

How It Works

Community and youth projects should launch young adults on a meaningful career pathway towards good jobs in our region. We blend an array of service – from partner agencies – to help young people develop essential workplace skills, improve their education and occupational skills and find a job, keep a job and get a better job.

Expectations

We expect Service Providers to:

- Conduct creative outreach and recruitment activities to identify customers for NextGen assistance within the local community.
- Complete thorough intake interviews and collect eligibility documentation.
- Maintain case management records in NCWorks Online, www.ncworks.gov
- Conduct individual assessments that are comprehensive in nature, and can accurately identify a plan to provide services that are necessary and appropriate for eligible youth to be successful in attaining higher skills, educational credentials and jobs.
- Work closely with education/training providers to refer customers for academic skills remediation, high school equivalency preparation, and English literacy instruction.
- Develop effective community partnerships that will support the service delivery needs of youth as identified in the comprehensive assessment.
- Conduct career exploration activities with structured opportunities to explore a range of career options in an industry. This includes labor market information sessions on career clusters and occupations, college fairs and campus visits, job site visits, and industry and community guest speaking events.
- Connect customers to skill development opportunities.
- Help customers enroll in education and training programs or provide such education and training for customers. This includes providing financial support for school through WIOA as well as other scholarships and financial aid available through alternative private and public funds.
- Work closely with NCWorks Career Center's Business Services Team to provide employer leads, share employer feedback, develop and structure work-based learning opportunities that match the skills and interests of customers and address the needs of the employer.
- Engage a significant number of young people in meaningful work-based learning activities to develop workplace skills.
- Provide supportive services as appropriate.
- Maintain contact and active engagement with employers and customers regarding work performance, training progress, and retention.

Successful Respondents

We invest in customer centered service that employs best practices for youth development, service that meets the psychological/social/emotional needs of young people, provides education and training assistance, and offers wrap-around supports focusing on employment outcomes.

Successful respondents will offer activities that:

- Incorporate intensive case management, career exploration and readiness, and career pathways (academic and occupational).
- Use life and socio-emotional learning skills to better equip young people with non-cognitive abilities needed for successful employment.
- Ensure access to all of the essential components (identified above) while demonstrating an understanding of how appropriate services impact the employability of in-school and out-of-school youth and young adults.
- Demonstrate success and/or an actionable plan for serving the rural areas of the local area.
- Work successfully with young people who are court-involved, in foster care or aging out of foster care, homeless, truant, transient, disabled, and military service veterans.

Budget and Budget Narrative

Guidelines for Completing the Budget Forms

1. **Instructions:** Complete the budget forms to identify all WIOA costs for services for Youth. This must be completed for each county you are proposing to serve.

***NOTE:** Due to high supportive needs of Youth and Young Adults both childcare and transportation support services will be allowed in PY25. We caution the Service Provider to minimize incentives to youth and young adults due to budget cuts, and because incentivizing individuals creates a system of manipulation instead of pride in accomplishments. The Work Experience opportunity should be used and promoted as the incentive.*

2. Signature is required on page 1 of each budget set.
3. All budgets submitted for activities under this Request for Proposal will be for proposed costs during the 12-month period beginning July 1, 2025 and ending June 30, 2026.
4. Provide a **Budget Narrative** to explain any aspects of the proposed costs.

The purpose of the budget narrative is to describe to reviewers how the budget is related to the proposed activities. Each of the expenses identified in the planning stage and included in the final budget will appear in some form in the budget narrative.

Service Delivery

Integrated Services Delivery: A [Service delivery model](#) that focuses on the customer and is organized around services to customers, not discrete programs offered in silos. It is a system in which WIOA Title I Adult and Dislocated Worker and Youth programs and the Wagner-Peyser Employment Services program are the operational backbone of Career Centers. Centers will employ integrated staffing and technology to generate an integrated customer pool and flow. This system is focused on offering value-added, staff-assisted services at Career Centers which are continuously promoted and provided until the customer's goal has been achieved.

Integrated Staffing: Career Center staff is organized by function, not by program or employer (funding source), with the purpose of serving customers efficiently and effectively. Staff organized by function is cross-trained so that all center staff has the capacity to serve all customers and is knowledgeable about all services the center offers. Integrated staffing is a team-based approach that results in streamlined and seamless service delivery.

Integrated Customer Pool: All Career Center customers are enrolled in Wagner-Peyser for basic career services. For customers who require more intensive services (when eligibility permits), they are enrolled in WIOA Title I Adult. In addition, Trade Adjustment Act customers should also be enrolled in the WIOA Title I Dislocated Worker program for additional wrap around services.

Integrated Customer Flow: A system that responds to customer needs, not only to program requirements. Integrated customer flow includes four major functions found within a Career Center that comprise customer welcome, skill development, employment services, and employer services. These customer flow functions will be fulfilled by integrated, cross-trained staff. The Career Center customer flow will include a first-visit, standardized initial skills assessment, easy access to a wide range of skill development services, and the opportunity to improve employment opportunities through skill upgrading, skill validation, and credentialing.

Integrated Technology: A web-based system that promotes an integrated customer pool and accommodates integrated services delivery. This system provides workforce development services to job seekers and employers, as well as efficient program and client management/participant tracking used by staff. It is in this system where all Career Center customers (when eligibility permits) are enrolled in both the WIOA Title I Adult program and Wagner-Peyser program; and all Trade Adjustment Act customers are enrolled in the WIOA Title I Dislocated Worker program.

Product Box: The list of programs and services provided by a Career Center. A center's product box should include any number of "products" related to job placement assistance and job readiness activities, skill development services, occupational training that leads to a credential, and work-based learning. Services should be demand-driven and value-added.
